ES1000

TOTALIZING PAYROLL RECORDER

The World's Most Recognized Time Clocks.

ES1000 Totalizing Payroll Recorder

- Atomic feature synchronizes time automatically providing accurate time from U.S. Atomic Clock.
- Automatically calculates time between punches and totals time in hours and minutes.
- Handles up to 100 employees on weekly, bi-weekly, semi-monthly or monthly pay periods.
- Saves you time preparing for payroll; totals employees' hours worked.
- Automatically deducts break time from totals.
- Always on time, never needs resetting – auto daylight saving adjustment
- Two-color printing, showing early and late punches; Makes time card editing easy.
- Time can print in standard AM/PM hours or 24-hour format with minute or 1/100 increments.
- Requires ES1010 time card.

Affordable solution that totals employee hours worked.

FEATURES

- Automatically adjusts month, year and changes daylight saving time.
